THE GROMMET®

Not for Navigation

Custom Nautical Pillow

Everyone has a place they hold near and dear to their heart, and Not for Navigation turns that location into a customized, lasting memento.

Founder Heather Jernegan paired her printing background with a love of her favorite place—the New England coast—to start this collection of charming, map-printed textiles.

Heather takes whatever place you give her—whether it's a specific street address or a broader coastline, neighborhood, or island—and then will select a nautical chart or topographical map that showcases that area beautifully. Not for Navigation will send the image to you for approval, then silkscreen it to enhance its details and colors.

This Grommet is a customized product made to order just for you. We're working on your gift right now, and production takes several days. We're sure you'll love it when it arrives.
