A GIFT *for* YOU

Lake Art

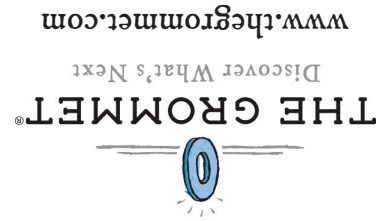

Wall Art

These maps aren't just made for navigating. They are custom-made for commemorating that special lake in your life.

The perfect keepsake for decorating your home, cabin, or cottage, Lake Art maps feature intricate details of more than 4,000 lakes including shorelines, two colors, and up to eight depth dimensions.

Who would've thought bathymetry (the study of the depths and shapes of underwater terrain) could be so beautiful.

The laser-cut maps also depict surrounding towns and major roads giving your lake a sense of place and belonging. Each piece is handcrafted from scratch and made to order in Harbor Springs, Michigan.

This Grommet is a customized product made to order just for you. We're working on your lake right now, but production does take several weeks. We're sure you'll love it when it arrives.
