SAND OR ELEMENT INFORMATION

Please let us know more about the Sand or Element you are sending so we can process your order in a timely manner and ship it with the right information. If you would like your Sand or Element to be added to our Sandbank®, we need at least ½ cup or more to ensure we are able to maintain an adequate stock. Any excess Sand or Element will be properly disposed of.

PLEASE NOTE : Your Sand or Element will be labeled as detailed below; please avoid any spelling / locational errors.

COUNTRY

PROCESSING YOUR SAND OR ELEMENTS BEFORE SHIPPING

- Each Dune item requires about a soda cap's worth of material. We will add to our Sandbank+Elements if sent ½ cup or more!
- Please adhere to any and all applicable rules & regulations when collecting Sand or Element
- Sand & Element CANNOT contain any organic matter
- We can only work with DRY material; top-layer Sand and Elements that are clean and free of debris.
- We recommend suspending SAND in a glass of water, discarding anything that floats, allow to dry, then send along
- Sand or Element should be secured in a ziploc (sandwich-size) baggie, labeled on the bag, and shipped in a bubble mailer
- INTERNATIONAL: Please declare any Sand or Element you bring into or send to the USA
- Flower Petals must be dried & pressed for about a week. Please send dried petals in paper towel inside zip lock bag.
